

Evolutionary Biology

MARB 689 "Special Topics", 3 Credits, Fall 2009
A first time offer for the MARB Graduate Program
4-530 PM, Tues. and Thurs.

Taught at Ft. Crockett in Galveston, and by computer interface (Saba Centra) to College Station, Corpus Christi, and other remote users.

Because the faculty are marine based, there will be some emphasis on marine biological topics and examples. Lecturers (in alphabetical order) are Professors Jaime Alvarado-Bremer, Christopher Marshall, Antonietta Quigg, Anja Schulze, and Bernd Würsig.

Sign up as a grad student, but if you wish to receive credit as an advanced undergrad, contact Bernd Würsig at 409-740-4413 or wursigb@tamug.edu. **ALL - Let Würsig know that you are signing up!** For all other help, contact Nicole Wilkins, Administrative Coordinator of Graduate Studies, 409-740-4937, or wilkinsn@tamug.edu
