EEBL 610

First Year Graduate Seminar

Fall 2015; 1 credit hour

Tuesdays 9-9:50am Vet Med Research Building Addition (Building 1811) Room 278

Course Description

Students attend and actively participate in a weekly conversation on completing a PhD degree and career planning with EEB core faculty and others. The goal of this course is to familiarize students with procedures and expectations for graduate school and with the opportunities available to them for research, education, and collegial interactions at TAMU; to foster collegial interaction among EEB students and faculty campus-wide; and to advise and inform students on career options, career strategies, and funding opportunities. This course will also facilitate and require preparation of competitive extramural fellowship applications like NSF-Graduate Research Fellowship Program.

Prerequisite: graduate classification. E-mail will be the primary means of communication for the course.

Learning Outcomes

- Recognize the opportunities for education, research, collaboration, and other student involvement within the EEB program;
- Compare career paths in EEB including academic and non-academic positions;
- Network with professionals in the EEB field;
- Prepare and critically evaluate a fellowship or other grant proposal.

Course Requirements

- Attend all sessions. Absences for previously scheduled activities will only be excused if they are communicated in advance. See http://student-rules.tamu.edu/rule07.
- Participate actively in discussions among students and discussion leaders.
- Prepare an NSF-GRFP, EPA-STAR or comparable proposal for critique by your faculty sponsor and other colleagues.

Grading

Pass/fail based on attendance and proposal submission. Three or more unexcused absences or failure to submit a timely proposal to faculty sponsor without an appropriate justification will be grounds for failure.

Instructor

Dr. Sarah A. Hamer

Dept. Veterinary Integrative Biosciences

Office hours: by appointment

ADA Policy Statement

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statue that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, please contact Disability Services, in Cain Hall, Room B118, or call 845-1637. For additional information: http://disability.tamu.edu.

Academic Integrity Statement

For additional information visit: http://www.tamu.edu/aggiehonor.

Please pay close attention to the guidelines on avoiding plagiarism. "An Aggie does not lie, cheat, or steal or tolerate those who do"

Weekly Schedule (subject to change)

Lecture	Date	Faculty Leader	Topic
Graduate student opportunities			
1	1-Sep	Spence Behmer, Gil	Welcome to grad school; Aggieland
